

Press Release

ARRA "BuyAmerican" Statement (ARRA §1605)

June 6, 2010

It has come to our attention that false and slanderous statements are being made about MHT Lighting by Full Spectrum Solutions c/o EverLast Lighting and their CEO, Michael Nivens.

These allegations made by Full Spectrum /EverLast Lighting will be taken very serious by all parties. MHT Lighting's CEO, Tom Spinelli stated "all claims are complete speculation with no proof behind them. No person from Full Spectrum or US Representative has come to our new 55,000 sq. ft ISO 9000/01 manufacturing facility. We have invited the U.S. Representative to visit our facility, but have not received a response".

MHT Lighting products conform to the "Buy American" mandate of Section 1605 of the American Recovery and Reinvestment Act of 2009 ("ARRA") and are NAFTA certified by third party independent consultants and attorneys.

It has been confirmed that MHT Lighting, Inc. is in compliance with the Buy American provisions of the ARRA for purposes of bidding and supplying "Buy American" products on public works contracts with municipalities in the United States.

In 2009, MHT Lighting constructed a state-of-the-art 55,000 square foot manufacturing facility in a New York State Economic Development Zone. The new ISO 9000/01 facility currently has three assembly lines with capability of eight and able to manufacture 8,000-25,000 products per week. MHT's is devoted to manufacturing, the assembly line process, engineering, testing, inspection, customizing and general business operations. MHT currently has 16 American workers per assembly line, engineers and lighting specialist, along with a staff of customer service and management dedicated to supplying our customers with the very best experience.

Please feel free to contact us for further documentation or questions.
